## **MENU ALLERGEN GUIDE**

**MENU DATE: NOVEMBER 2023** 

**IF YOU HAVE AN ALLERGY** please inform our team before ordering, or preordering; so that we can take additional reasonable steps to minimise the risk of allergen cross-contamination. **However we cannot guarantee any item is allergen- free.** 

This allergen guide, details all of the 14 key allergens that are present in the ingredients of each dish. However as our food is mainly homemade in our multi use kitchen (which handles all of the 14 key allergens), and suppliers of prepared foods vary, all food may contain traces of any of the 14 key allergens.

Some dishes may be adapted to remove the allergen containing ingredient (e.g. we have gluten free bread that can be swapped for normal bread) please ask our team, however adapted dishes still may contain traces of any of the 14 key allergens.

Red indicates presence of an allergen in a dish

Red indicates presence of an allergen in a dish			<del>,</del>
